## A new idea...

### Newsletter Launch

#### Andrew Wu

Harvard-Westlake Class of 2016

MSSL has transformed my music experience ever since I joined during my freshman year. I feel very fortunate to be part of this group. MSSL has taught me that music is more than an individual activity; it can bring people together. As the current president, I would love to launch our MSSL newsletter to our community, inviting more students to join us and bring the world closer through music. The newsletter will serve as a place to remind members of our group and of the community of upcoming events and an accessible resource for all things MSSL.

## Ahead of us...

### Daniel Pearl World Music Days Concert

Daniel Pearl was a writer for the *Wall Street Journalist*, who had a love for music. Wherever he traveled, Daniel carried his violin and played for people of all different cultures because he believed that music was a universal language. After he was kidnapped and murdered, his parents set up the Daniel Pearl Foundation, with hopes of creating a more humane world. The mission of this foundation is to promote cross-cultural understanding through journalism, music, and innovative communications. Every October, the month of Daniel's birthday, concerts are held in more than 129 countries around the world, promoting the idea of "Harmony for Humanity".

Please join us this October 18 at Mt. Olive Lutheran Church (1343 Ocean Park Blvd, Santa Monica, CA 90405) to celebrate Daniel Pearl and his belief that music can bring people together. Dr. and Mrs. Pearl, who attend our concerts, would be moved to see so many people coming together to support their son's legacy. Not only will you be able to be able to enjoy great music, dance, and other forms of art, but you will learn the music is greater than the individual.

"Music transcends all languages and barriers"

-Ravi Shankar
